I agree that Britain needs to be out of the corrupt Communist EEU (also known as the EU, a body of 28 countries). <https://www.reference.com/geography/countries-members-eec-e615aeb022af1073>

One thing that is sickening about EEU regulations is the controlling of fish catches, resulting in the evil situation where sometimes over 70% of a fish haul is simply thrown back into the sea dead rather than being used or frozen because the quotas for catching those particular species of fish were exceeded on that particular fishing trip or that particular month in that sea sector, yet the next trip, they have to go out and catch exactly the same species of fish again, but their breeding stocks have been getting massively depleted since the 1970's by this utterly demonic practice since the 1970's when it was first introduced, yet no one from among all the criminally insane and subnormal 'politicians' running that circus of imbeciles has ever made any moves to stop that barbarous practice in a concerted manner, as it has not mattered to them at all, except that it should continue, no doubt to fulfil the edicts contained in Deuteronomy 20:16. New Living Translation;

"In those towns that the LORD your God is giving you as a special possession, destroy every living thing."

This Jewish edict does not apply just to land, but to any area in the entire world that can be poisoned, like water wells filled with sewage or poisons in Palestine for example, anything that will cut off food or water from any source to any people targeted by the Jews for elimination.

Just like the American Bison were largely exterminated to restrict the food supply of the Native Indians in America, following Jewish Christopher Columbus instigating the demonic process of wholesale extermination of 100 million Native American Indians as he wanted America to become 'The New World' for Jewish 'refugees', just as the Jewish-controlled Chairman Mao starved 100 million Chinese to death, just as Stalin himself stated how he had starved to death 10 million Ukrainians, bragging about that same figure to Churchill and Roosevelt (later officially reduced to 5 million so as not to exceed the 6 million 'Jewish Holocaust' figure), just as the Fukushima nuclear power plant disaster was enabled by the maliciously infiltrated Israeli/American Stuxnet virus that shut down 6 levels of safety protocols on the in-house computer system at the Fukushima nuclear power plant in Japan just prior to a very convenient tsunami of certainly unnatural origin, to wipe out most sea life in the North Pacific Ocean, just as after the Jewish-instigated WWI and WWII, poison gas cannisters that were not used in battle were simply dumped in the oceans, and it has been calculated that if just 17% of those leak, then 100% of all sea life of all kinds will be

completely eradicated in the North Sea and Baltic Sea for instance, as well as in other oceans around the world where such munitions have also been dumped. To haul up those drums and dispose of them safely in incineration plants is another job for the Gentiles to do when the Jews are out of power.

Even in the 1970's over 40% of all bottom-swimming fish in the North Sea already had cancer. And the navies use DU munitions to practice with even in peacetime in the oceans around British and other shores, with DU, in fact, being a radioactive WMD that is known to ultimately destroy the integrity of the genome of any and all forms of life and ultimately exterminate it in the fullness of time, with a half-life of hundreds of millions of years

Similarly, just as Gentiles are all intended by the Jews to be standardised into the Eurasian Negro envisaged by Coudenhove Kalergi, that will be easy for the Jews to control as slaves, so, even the fruit trees, fruit bushes and vegetables and animal species are also being standardised, with literally hundreds of strains of apple trees, pear trees, fruit bushes, vegetables etc., all ancient rare varieties, all already having been destroyed forever under EEU edicts, but thank goodness some farmers independently managed to save at least some of the older varieties of plants, trees and animals.

In farming, it is understood that one needs to maintain a large reservoir of many varieties or strains of crop plants such as wheat, because every two or three years, one particular strain becomes vulnerable to something like a rust fungus for example, and so other strains from that reservoir are then used to produce more hardy varieties.

The consequences of the EEU policy of literally wiping out hundreds of strains is quite obvious, it is a measure intended to set major populations up for famine in the future due to massive crop failures.

The Marxist Agenda 21 plans for ever-smaller housing with no private gardens for people to grow their own crops, high rise blocks and concrete jungle cities are intended to increase this danger, as when the food supply is cut off for any reason, all those city-dwelling people will simply die in a very short time indeed, whereas if they were still living in the countryside, they would be able to produce as much food as they want and be safe, but Agenda 21 wants everyone off the land and into cities where they can be rendered vulnerable like this.

The whole EEU thing is very unhealthy and Britain needs to be greatly distanced from the Communist rot there.

And does anyone except the Jews want pieces of crap like this German Jew Martin Schulz to be able to gain senior office over the EEU? All of Europe remains vulnerable to Jewish domination whilst such a person can gain office.

“Schulz hails from Germany, but what does Schulz think Germany's raison d'être is? A look at his own words in Haaretz as reported by his friend Avraham Burg, reveals something interesting:

“Haaretz, ‘Say a big ‘thank you’ to Martin Schulz’, Avraham Burg, 14 Feb 2014 (emphasis added):

“[...] Martin Schulz, the president of the European Parliament, is a close friend of mine. On most issues connected to the Israeli-Palestinian conflict we disagree. He is closer to the Israeli mainstream, and his positions resemble those of Labor Party chairman Isaac Herzog. He once told me, during a frank and stern conversation, “For me, the new Germany exists only in order to ensure the existence of the State of Israel and the Jewish people.” [...]

“Schulz is of course, Jewish.”
